From the Director:

Fall is almost here and we have some exciting programming lined up for you.

Our Fall Speaker Series gives you the opportunity to learn more about our community. What happens when disaster strikes? How do we plan for the unexpected? Emergency Management Director Shelton Barnett is kicking off our speaker series August 28th at 5:00!

In September meteorologist Ben Luna will talk to you about how they predict weather and warn the community with almost pin point precision of possible dangers and disasters. Come ask Ben about the work they do at TN Valley Weather

In October we have National Park Service ranger Tandi Stephens coming to talk to you about the park service, the Meriwether Lewis park and the Natchez Trace. Do you have questions to ask about being a National Park Ranger? Be sure to bring them!

Ryan Egly, President of the Lawrence County Chamber of Commerce, will wrap up the Fall Speaker series in November. Do you wonder about all the development happening in the county? Are we really getting that new grocery store everyone is talking about or is that gossip? Come listen as Ryan discusses the economic growth of Lawrence County and be sure to bring your questions.

Are you looking for something for your children to do over Fall Break? Check out the library!

Ecologist Benvy Kelly, from UT, has a program planned for children ages 11 and up. What the Moss! Learn how to explore the world like a scientist and discover the intriguing life of mosses. We will also have a special story and craft time for children ages 4-5 and a craft time for children ages 6-11.

Teens, do you like to play with clay? Sign up for the Teen Art Class, Creating with Clay.

Last but certainly not least, we are starting a Lego program! Keep an eye out on Facebook for more details.

September also brings our semi-annual Friends of the Library USED BOOK SALE! This will be happening during regular business hours from Saturday September 6th- Saturday September 20th.

Do you know what the funds from the FOTL Used Book Sale go towards?

Look around the library and see. They funded the art rail in the young adult section that now shows work from local artists. They funded the new shelving in the Juvenile non-fiction section. They also fund materials for Summer Reading program, Adult Coloring and Adult Craft. They have also paid for the artists and entertainers brought in for Summer Reading and Teen activities. Genealogy resources like Ancestry.com, Newspapers.com, and Fold3.com are also paid for by the Friends of the Library.

The library can do so much more with Friends like these!

Enjoy the fair weather of the season, visit the library and read a book!

Sincerely,
Marie Brennan
